The above list is intended to assist ordering physicians/practitioners in providing ICD-10 Diagnosis codes as required by Medicare and other insurers. This list includes examples of diagnoses based on 2014 TridentUSA ordering data, but it does not represent a complete list of x-ray related diagnoses. The list was compiled from the ICD-10-CM 2015, as well as the Medicare Regulations and Manuals issued or authorized by the Centers for Medicare and Medicaid Services. An ICD-10-CM book should be used for complete reference. The ultimate responsibility for correct coding lies with the ordering physician/practitioner.
